

How to get your documents verified quickly

As part of the process of registering for Payoneer's services, you might be requested to submit documentation. The following guidelines will help you avoid delays in getting your documents verified.

- Submit a color copy of the original document. The color must be clearly distinguishable, and the information must be legible.

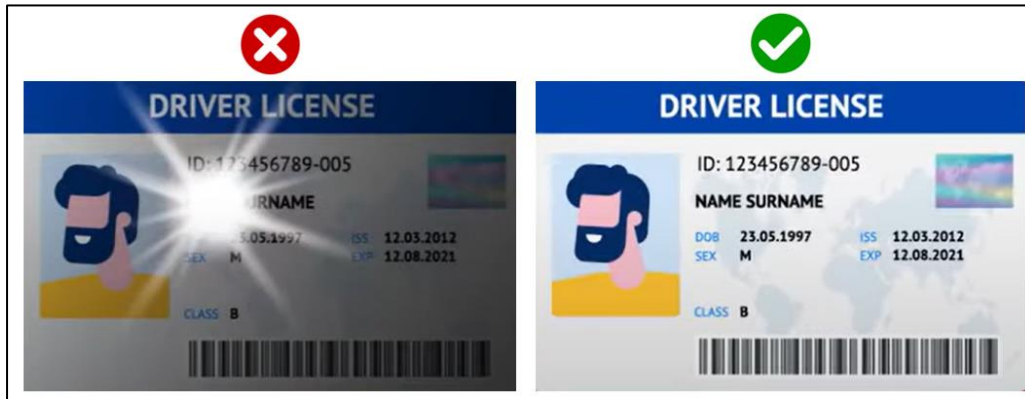

- Your documents must be full-size and not cropped or altered – all four corners must be visible.

- Your documents must be valid and not expired. If the expiration date appears on your document, it must be clearly displayed.

- Your documents must be clear and not blurry. If you take a photo using your cellphone, ensure that the flash is not visible or covering any information.

- Acceptable document formats in high resolution:
 - JPEG
 - PNG
 - GIF
 - TIFF
 - PDF
- Each document must be under 3MB.
